DIGITAL SKILLS¹ OF THE INDIVIDUALS IN 2025

% of total number of individuals aged 16 to 74 years

Source: Statbel (Survey on ICT usage by households and individuals)

¹ According to Eurostat, digital skills encompass knowledge and abilities necessary to carry out the following activities: searching for information on the internet, online communication, digital content creation, problem solving and safety.

DIGITAL INTENSITY¹ OF SMALL AND MEDIUM-SIZED ENTERPRISES IN 2024

% of SMEs using at least 4 digital technologies (basic level of digital intensity)

Sources: European Commission, Statbel

¹ Digital intensity is based on the number of digital technologies that enterprises use, out of 12, such as access to the internet, e-commerce sales, adoption of ICT security measures, remote access to internal resources, artificial intelligence, etc.

Enterprises using at least 4 of those 12 technologies reach the basic level of digital intensity.

MACROECONOMIC INDICATORS

- **Activity rate:** Share of the active population (working population and unemployed population) in the working-age population (15 to 64 years).
- **Employment rate:** Share of the working population in the working-age population (15 to 64 years).
- **Enterprise births:** Number of enterprises that are VAT registered on 31 December, whereas the year before, on the same date, they were not.
- **Enterprise deaths:** Number of enterprises that are no longer VAT registered on 31 December, whereas the year before, on the same date, they were.
- **Enterprise emigrations:** change of location of VAT-registered enterprises from the BCR to other Belgian Regions (on 31 December of two successive years).
- **Enterprise immigrations:** change of location of VAT-registered enterprises from other Belgian Regions to the BCR (on 31 December of two successive years).
- **ILO unemployed:** Economically active persons who are without work, available for work and actively seeking employment.
- **ILO unemployment rate:** Share of ILO unemployed population in the active population (working population and unemployed population) aged 15 to 64 years.
- **Internal net migration:** Difference between the total number of internal arrivals (from other Belgian Regions to the BCR) and the number of total internal departures (from the BCR to other Belgian Regions).
- **International net migration:** Difference between the total number of international immigrations and the total number of international emigrations.
- **Marital quotient:** Tax measure aimed at married couples and legal cohabitants, which enables to transfer a part of a partner's professional income to the partner with very low or no professional income, to reduce the amount of tax due.
- **Natural balance:** Difference between the number of births and number of deaths recorded over a given period.
- **Office vacancy rate:** Surface of built offices that are for rent or sale on the office market, in relation to the total surface area of the existing office park.
- **Private household:** Group of people habitually living together in the same dwelling, who has no collective character (monastic communities, retirement and nursing homes, prisons...).
- **Total fertility rate:** Number of children that would be born to a woman over her lifetime if she was to experience the age-specific fertility rates recorded for the year under consideration.
- **Total net taxable income:** Sum of net taxable income from the 4 tax categories (professional income, including replacement income, income from real estate, income from capital and movable assets and miscellaneous income), less deductible expenses. The notion of net income is used to mean that expenses incurred to acquire or maintain this income have been deducted from gross income.
- **Unemployed job seeker:** Person without paid employment registered as a job seeker with a public employment service.

Within **perspective.brussels**, the Brussels Institute for Statistics and Analysis (BISA) centralises and disseminates statistics on the Brussels-Capital Region. The BISA also carries out socioeconomic studies and public policies evaluations on Brussels-related issues.
